EXPERIENCE [2 years]

Windows Administrator
Wipro - Tenneco March 2024 – Present

- ☐ Performed system administration tasks including user account management, permissions, and group policies on Windows servers.
- ☐ Monitored system performance and ensured the availability and reliability of Windows environments.
- ☐ Managed incidents, performed troubleshooting for server/network issues, resolved user access problems.
- ☐ Worked with Intune and production operations teams to maintain endpoint compliance and system integrity.
- ☐ Handled change and incident management processes as per ITIL standards.
- ☐ Ensured patch management, backup scheduling, and documentation of system configurations

Consultant (Windows Administrator)
Wipro - Levis March 2023 – March 2024

- ☐ Administered and maintained Windows-based environments, including user account management, Group Policy, and system performance tuning.
- ☐ Provided technical support and troubleshooting for server, networking, and endpoint issues.
- ☐ Collaborated with Intune and Prod Ops teams to ensure endpoint compliance and infrastructure stability.
- ☐ Managed incidents and changes using ITIL-based processes to maintain high system uptime and service quality.
- ☐ Performed patching, backup configuration, and system documentation for operational continuity.

PROJECTS

Imagle – Image Request & Approval System [Git Link](#)
Tech Stack: ReactJS, Node.js, Express, MongoDB

- Built a full-stack image request platform where users search images by tags, request access, and download upon admin approval.
- Integrated role-based login, JWT authentication, ZIP downloads, search filters, and download history tracking.
- Admin dashboard includes image upload with tags, request management, user/admin insights, analytics, and fullscreen preview.
- Designed with modern UI: dark/light mode toggle, collapsible panels, and flip-card animations using Bootstrap and custom CSS.

SKILLS

- Frontend: ReactJS, HTML5, CSS3, JavaScript, CSS, Bootstrap
- Backend: Node.js, Express.js
- Database: MongoDB
- Full **Stack**: MERN Stack (MongoDB, Express.js, ReactJS, Node.js)

INTEGRATIONS

Stripe, Google calendar, Google drive, Google meet, MS calendar, One drive, MS teams, Slack, Zoho, Video streaming,

EDUCATION

Rajarshi Shahu College, Latur.
B.Voc Computer Technology

Sunil Phetawale – Product Showcase Website

[WebPage](#)

Tech Stack: HTML, CSS, JavaScript

- Designed a static website to visually showcase traditional Maharashtrian Phetas and gift items.
- Created clean, responsive layouts with mobile-friendly styling to highlight visual products.
- Helped build local brand identity through aesthetic web presence.
